“A Customer is the most important visitor on our premises.

He is not dependent on us, we are dependent on him.

He is not an interruption of our work, he is the purpose of it.

He is not an outsider in our business, he is part of it.

We are not doing him a favour by serving him. He is doing us a favour by giving us an opportunity to do so.”

Mahatma Gandhi
I am presenting the Bureau’s updated Customer Charter, to inform our various stakeholders of the array of services we are providing to them. We have been ISO-Certified since the year 2007 and this shows our commitment to provide for continual improvement in the delivery of our services. We deliver results that enrich our values to customers, employees and other stakeholders.

The Performance Management System which has been implemented since 2008 is an effective tool for inculcating a performance oriented culture in the organisation. The system paves the way towards a higher level of service delivery.

In this Charter, we set our standards, the core values and the level of services which our customers expect to receive. We provide a road map on how to tap our services and list the ways to have access to the Bureau. Serving our customers with dedication and professionalism has always been our priority.

Timely feedback from our valued customers to address promptly any shortcoming would be appreciated.

We have a duty to care for the needs and legitimate expectations of our customers.
